**5 FACTORS YOU SHOULD  
LOOK FOR IN AN  
INSURANCE DEFENSE  
LAW FIRM**

# ARE YOU TIRED OF EMPTY PROMISES?

No matter what kind of challenge you're facing, you deserve a legal team that can achieve the best results for you. We set ourselves apart by taking action and putting forth the effort necessary to exceed the expectations of our clients. We have a saying around our office: "No one cares more than we do." Our clients retain us to handle their matters and therefore, we believe it is our responsibility to worry about their cases so they do not have to.

## GET THE FULL SUPPORT YOU NEED

To help you avoid that costly and stressful scenario we identified 5 qualities you should look for in your insurance defense attorneys to make sure they can provide you with comprehensive solutions that make your job easier.

# THESE 5 QUALITIES ARE THE FOUNDATION FOR A STRONG PARTNERSHIP

## **1. ARE THEY INVOLVED AND RESPONSIVE?**

When the firm you're working with is communicative and truly engaged in your cases, resolutions are achieved faster. At Sodoro Law Group, we turn things around in a week, not a month. When you send us an email, you'll get a response back in less than 24 hours. Plus, we meet in person and come to your place of business to build stronger cases and stronger relationships.

## **2. DO THEY HAVE EXTENSIVE COURTROOM EXPERIENCE?**

Your firm should be fearless and relentless in the courtroom. That level of experience can only be built through a track record of both jury and bench trials. Our attorneys have comprehensive courtroom experience which provides the foundation upon which to build regular courtroom victories. We fight to protect your interests throughout every matter to create the leverage necessary to keep the case exposure at a minimum.'

## **3. CAN THEY HELP YOU REACH A DECISION POINT QUICKLY?**

You want to work with a team that constantly analyzes the facts and helps you get to a decision point: should consider settlement or continue pushing toward final adjudication. Further, you want to work with a team that is willing to abide by all of your reporting guidelines and that will continually consider every option available in order to keep your interests protected. We take ownership of all of our cases, using our experience and foresight to always progress your case toward resolution or through court as quickly as possible.

#### **4. DO THEY CONTINUE ADDING VALUE OR ADDING UP BILLABLE HOURS?**

We only bill for tasks that will help further your case. Our team sets appropriate budgets that we work within and we provide action plans that get accomplished. This means you'll see more real progress being made on your cases, and this progress will be achieved in a cost-effective manner.

#### **5. DO THEY HAVE MODERN TOOLS AND CAPABILITIES THAT SERVE YOUR NEEDS?**

At Sodoro Law Group, we stay on the cutting edge to work more efficiently for you. Our mobile law firm allows us to provide our expertise throughout all of our jurisdictions in an effortless manner. We also use cloud-based programs and the latest legal technology to handle your cases with efficacy from start to finish. Part of our mission is to constantly evolve and remain on the cutting edge when it comes to our use of technology.
